Customer Reviews

Truly, Praying the Rosary with Pope Francis is a wonderful gift for those who pray the rosary. His thoughts and the scripture passages add luster to our mental landscapes in the recitation of the mysteries (which I often find myself needing). Congrats to the USCCB on an offering that will be used by I think many. --Kevin W. I really enjoy it. Reading the thoughts of Pope Francis makes me feel like I know him on a personal level. --Melanie B.

This book gives me the guidance I need to say the rosary with more meaning and more often. I recommend it for any Catholic who is in need of guidance with their life. Non Catholics will learn more about the meaning of the rosary and why it is an essential element in the life of Catholics.

Pope Francis Praying the Rosary provides a contemplative and most enlightening understanding of

each mystery of the Rosary. His writings are so full of the Holy Spirit. This is a wonderful Rosary Prayer companion that will benefit all Christians who read it.

I never thought that I would be able to say my rosary with the Pope. Now I can and will always say my Rosary with Pope Francis now and forever... Do your soul a favor. Say the blessed Rosary with the Pope. You will never be sorry that you did.....

Love the prayers, the printing is pretty bad. I'd rather have a better quality booklet with less impressive art, than one in which the ink transfers and obscures the text. See attached example.

Easy to use for Bible readings and Pope Francis' commentary on each of the Mysteries. Beautiful artwork accompanies each Mystery. The Rosary prayers are in the first part for easy reference for anyone who doesn't have them memorized. I'm pleased I got this and will use it, but the price seems high for a little booklet. But the pages are all heavy & somewhat glossy stock, so I won't complain too loudly. Had I seen it inside before buying, read some of the Pope's commentary, I would have bought it anyways, never mind the price.

I love praying the rosary with this guide. It not only provides the mysteries but also gives the pope's thoughts to meditate on for each decade. It's given me a new way to look at the mysteries and that's brought me closer to Christ as a result. I actually miss this booklet if I try to pray the rosary without this booklet so I bought a few more to keep in different places so I won't be without it.

Insightful guide to praying the Rosary. As a life-long Catholic I've always had a rosary, but not really prayed it faithfully. I still don't as much as I'd like, but want to be able to understand it better as we head into Lent. This guide gives me the understanding I need to pursue my spiritual journey with both Faith and Joy.

gift for grandkids - their dad had gotten them rosaries from the Vatican and i thought these would be cool to go with the rosaries
