Customer Reviews

When you're into business but don't want to quit work just yet, you might try to start doing a passive income business which doesn't require you to be active on it. In this book, you can tell that it's a lot

easier but you just have to know what passive income you like and what is feasible for you. I would try blogging and Airbnb as I think the easier way like renting your apartment for a few days or doing some video tutorials. I have a lot to learn about this passive income and this book has a lot to offer.

This is a great and awesome book about passive income. This book will help you pick and get started in an online business model that will provide passive income. I was worried about my financial future and wanted to learn the tactics of making money on a new way for me. This is a very informative set of books, and I sincerely recommend it!

A lot, a lot of stuff about passive income! I've learned so much reading those books. They opened my eyes to the whole new thing which is another blueprint of earning money. First book explains what passive income is and it does it with well organized chapters and with ease! Second and third books are more in depth about passive income strategies which are Affiliate marketing and FBA. This is amazing what you can do! And you can do all of this at the same time! I think there is a lot of value for everyone! Don't miss out!

Thanks to the book, I found some interesting ideas on making money through the Internet. It turns out there are such opportunities that lie in front of the nose, I just do not notice them. I would like more detailed information. Can you write one more detailed book?

Who would not want to have a financial security for our family? For me, having a passive income has a big impact to our family. I also have an active income but what I like about the passive income is that you will earn this without working and I wanted to earn extra because my family is getting bigger and our financial status cannot shoulder all our daily expenses. I gain more knowledge about passive income from this book! If you are interested more about passive income, then you should read this book!

Brought this book from Createspace Passive Income: 3 Manuscripts - Passive Income, Affiliate Marketing, FBA (Passive Income Streams, Online Business, Passive Income Online Book 1) Although a big bundle still the Manuscripts are worth it They are helpful in getting to know new businesses these days.
