Shieldmaiden's Revenge (Viking Lore, Book 2)

Synopsis

Step into the lush, sensual world of the Vikings with Shieldmaidenâ€™s Revenge (Viking Lore, Book 2): Madrena burns hot for revenge against the man who attacked her village and shattered her life five years ago. When a dark-haired stranger named RÃ©nin washes ashore in her village, he promises to be her guide in exchange for his freedom. Though RÃ©nin knows the man Madrena seeks, his life depends on keeping her at a distance, lest her sharp gray eyes discover the secret he must protect at all costs. Despite the danger, Madrena risks trusting RÃ©nin. The two travel deep into the Northland wilds, only to be entangled in a world of secrets and peril. Even as they resist the heat that crackles between them, the fires of desire rival those for vengeance. But when Madrenaâ€™s plans are threatened, will the fierce shieldmaiden choose love over war? And can RÃ©nin save them both from their pasts? This full-length Viking historical romance is part of the Viking Lore Series, but also can be enjoyed as a standalone novel. Pick up your copy today!

Customer Reviews

This second book in the Viking Lore trilogy was action packed and thoroughly entertaining. This is Madrena's story who we are introduced to in the first book. As she struggles with her past and seeks revenge on who wronged her, she becomes involved with an outlaw who is also struggling

with issues from his past. The two of them set out on a perilous journey and face their demons in the process. I found these characters totally engaging and was emotionally involved with them right from the start. The story was gripping in its intensity, and the non-stop action kept me turning the pages. I am eager to move on to the third book in this enjoyable series.

Not so much romance to scare off a historic fiction lover. Interesting tale about the Vikings. It has believability and seems to be based in historic accuracy as much as possible.

A great book 2 for this series, Viking Lore. Thoroughly enjoyed finding out Madrena's next stage of her life.

The book was as expected, a quick read with a good story line.

Enjoyed it, kept me entertained. It was hard to put down.

Sensitive characterization, interesting plot, excellent writing, and steamy sex! What's not to like? Along with Octavia Randolph and a couple of others, Emma Prince is moving into the realm of Viking themed romantic historical literature, a far cry from amateurish bodice rippers set in the Northlands as a brief respite from the Highlands. Even more than with the first book in this series, I felt I was truly there. The writing was spare but descriptive, a good read. Can't wait for the next offering.

Emma is a wonderful writer and I couldn't / didn't want to put this book down. I'm happy how it ended, I was nervous about Madrena's actions but it turned out great. Now the wait for the next one. You can tell that Emma does a lot of research for her books especially the folk lore.

This was part of a 5 author bundle called Warriors of Odin and this was amazing. The common thread of the 5 is Viking's and their beliefs. I own 8 books by this author, and I didn't think any could compare to her Highland series, but darn I loved this story so much. The character's of the H/h have so many layers to them. Sometimes when author's write a strong h they make her on the nasty side, but not this author. She knows just how far to go and never has her character's cross that line. I loved the strength of our h. She survived a rape 5 years before I story takes place (rape is told off page) and this made her a want to learn to be a warrior to defend herself, but also to seek revenge.

This is where our H comes in. He has scars not only physically but carries a heavy burden in his soul too. After I read the story, and was looking up the book to do a review, I noticed the cover. What is on his chest plays a huge part of the story, and I love it. There is violence, suspense all over the place, sorrow, and a wonderful romance that builds tenderly and slowly. What more can you ask for? Oh, there also, is lovemaking - just descriptive enough. By now I was so in love with this couple, that the passion came through. So if you can't tell, I love this story. Even though this is book 2 of the series I didn't feel lost. After I finish the bundle I previously mentioned, I am going to get book 1 and 3. Because I enjoyed those character's in this book and can't wait to see what this author does with their stories. There isn't a cliffhanger either, so all good. (ljb)
