## **Synopsis**

Haunted by the responsibility of caring for her troubled family, Maya Jacobs gave the only answer she could when Cameron asked her to marry him. Years later, entrenched in a soulless professional routine, she distracts herself from the lingering regret of her decision with a "work hard, play hard" lifestyle that guarantees no man will ever find his way into her heart again. Cameron Bridge has spent the past five years married to the military, trying to escape the painful memory of losing Maya. After fighting his own war in the desert, he starts a new life in New York City, with his siblings Olivia and Darren by his side. When fate brings Maya back to him in the heart of a city filled with its own hopes and shadows, can Cameron find the girl he once loved in the woman she's become?

#### **Customer Reviews**

I felt utterly compelled to read this phenomenal book from beginning to end. The words calling to my very soul brought me to tears, feelings of joy, sorrow, happiness, and especially love. I am so proud of Maya and Cameron and how strong they have become in their journey. I look forward to reading the rest of this series. Keep em coming Meredith.

This book is great. A very well written story of how 2 people can lose their way and find there way back to each other. The ups and downs of their love is great. The sex is hot. I couldn't put it down.

What can you say about a book that lives up to the reviews. You know you just have to continue on and read all the books in the series. this author is new to me but is definitely worth reading her

books.

This is book has everything. Finding love, losing love. Making the journey to finding yourself and your hearts desires. Maya and Cameron have to fight for each other, only time will tell if they can find their happiness together.

I loved the way the characters where portrayed and the realistic storyline!!! There was no fantasy, just realistic relationship issues and characters that some the readers could probably relate with on some levels.

Cameron and Maya had a sweet young love a monumental moment in time destroys that young love. On the streets of NYC, fate brings them back together. Neither is the same but they still feel the pull. Denial and fear interfere. Desire tugs at them. Hope exists for both of them. So many obstacles that overcome. When the monumental moment presents itself again, fear and the chaos of life again interferes. Can they survive this to find their happily ever after? Book one of the Bridge series was a very sweet second chance love story and I look forward to Darren's story!

I can't get enough of Meredith Wilds books! This is a very detailed and raw book that you will love, cause I most certainly did. Maya and Cameron will tick you off but that's what makes them soooo loveable! Their relationship is heart warming. Meredith also knows how to keep good humor, love, and drama perfectly in her books. You also need to read the Hacker books... AWESOME!

Once again Meredith floored me. Her writing just sweeps you away. This was such a hard, long road for both Maya and Cameron. I rooted for them from the prologue. I felt both of their pain from the past. But was fascinated with their future journey together. This story was such a great, classic romance. The Hacker Series was phenomenal; this series is no different. Job well done!
