Amigurumipatterns.net is a website that contains amigurumi patterns created by designers from all over the world. Joke Vermeiren started collecting patterns on amigurumipatterns.net and compiled this book with care. She enjoys picking up a crochet hook on a quiet winter evening. She lives in Belgium.

This book is well made with a flexible binding and strong pages. The patterns are easy to follow and many pictures along the way. The book also contains some simple instructions for those that may need help with certain stitches. Over all a wonderful assortment of animal patterns, cute and easy to read/follow.

Love this book! I wanted it for the orangutan pattern but all the patterns in the book are amazing. I own all 4 of the zoomigurumi books and they are all very good. Directions are clear and I haven't found any missing steps or unclear directions yet like you find in some amigurumi books. Some patterns require more skill but simpler patterns are listed first and they increase in difficulty. If you are comfortable with following written crochet directions and know simple stitches then anything in this book is achievable for you.

Love this book, as well as my little granddaughter. The patterns are written clearly and are SO cute! I've made several of the patterns and they went together easily.

I've been eyeing this book and when it came and the animals are so cute. I can't wait to start making them.

Excellent and easy to follow

This is such a cute assortment of crochet amigurumi patterns. I have the other three books as with this one, the pattern are easy to follow and have nice pictures. A joy to read and even more fun to work up the patterns.

Patterns are clearly written

I love the animals in this book!
