Customer Reviews

I was a bit disappointed when i bought this book. I was looking for a visual reference; the book is mostly black & white images with long descriptions and history of what people wore. There is a color insert in the middle of the book; which is only about 30 pages long. For me, with a price tag of almost \$100 (inc tax) was not worth it. This is a book for those who are doing research, or hard-core lovers of the history of costume.

Best fashion history survey book out there.

This book helped me in what I info I needed.

A comprehensive book of world fashion history -- with chapters on Indian, Japanese, Chinese, African, and ancient American costume; in addition to a detailed survey of Western fashion from prehistory to the early 20th century.
