Customer Reviews

The book is aesthetically pleasing as you page through it, containing black and white drawings of each bed & breakfast. Each page is also bordered with drawings of lilacs. All B&B's are highlighted on two pages. The first page gives a description of the B&B, the second page contains a recipe that is a specialty dish served by the B&B. The descriptions are very helpful because they not only list the address and telephone number of the B&B, they also list the B&B's e-mail address and website if they have one. This is very useful for someone that makes a lot of travel arrangements on-line.

Enjoy both the info about the B&B's and the recipes. Our favorite is the Berry-picker muffins with raspberries ... Delicious! Highly recommend.

Info concerning B&B lodging available in the state of MN. Is B&B really for the regular traveler? A choice between where to stay is still a very personal one.

My husband is from MN and im from the south. We love this cookbook. I can cook some things and he gets a taste of home. Everything has been outstanding. Our favortie is Auroras baked eggs!
