Customer Reviews

"There is an amazing wealth of information to be found in this book."..."sprinkled with intriguing, eye-catching photos and interesting text that flows easily...an excellent introduction." "The series does an excellent job of providing context and explanation for the modern states, rather than just a long narrative about dates, names and battles." "New arrivals to the expanding Modern World Nations series should not be missed...assure readers plenty of material suitable for in-depth reports, yet a lively enough style to lend to browsing. All are lasting, ongoing recommendations for librarians seeking to build long-term, quality collections." --This text refers to the Library Binding edition.
