Sassy Knit Outfits: For 18-Inch Dolls (Annie's Knitting)

Synopsis

Implementing a philosophy of frugality in low-cost knitting, this book contains quick knitting projects for creating clothes for 18-inch dolls. Each project uses Caron Simply Soft Light, an inexpensive acrylic yarn that drapes attractively, giving beautiful results without a high price tag. The patterns knit up quickly, require a minimal number of same-size tools, and have few seams, thus saving time as well as money. There are few closures to challenge small fingers, and knitters get the satisfaction of creating unique garments that are attractive yet durable, serviceable, and sure to please small loved ones.

"Sassy Knit Outfits for 18-inch Dolls is a wonderful way to experiment, improve one's knitting skills, and create unforgettable gifts for doll collectors." — James A. Cox, Midwest Book Review

Jeanne Krussrow-Larsen is a lifelong knitter. Her four children have long since left home to raise families of their own. She lives in Knapp, Wisconsin, with her husband of 53 years and their canine friend, Lotsa Moola. When not knitting, she enjoys gardening, acting in community theater, and supporting the local public library.

I loved this particular knitting book for doll clothes for 18 inch dolls SO much, that I personally bought another one for a friend and then took the time to TEACH her how to be able to knit these

doll clothes for her niece. The patterns are extremely clear and easy to follow and the pictures and comments included with each pattern also make it even easier to follow along. I also purchased the yarn for myself that was suggested for each outfit ... which I found to be at such an extremely reasonable price that I couldn't pass it up. Both the knitting book and the quality of the yarn suggested are beautiful!! I personally can't emphasize just what a "quality" book this is to work with. Even though I am a very experienced knitter, I would recommend this pattern book to anyone who likes to knit doll clothes for little girls ... and who doesn't??

LOVE this book,,,,,I really mean I LOVE this book!! The author had me at the Nordic ski outfit! I have on DGD who lives in Michigan and is on the ski team (#2 in the state!!) and I LOVE that outfit for her, Will make her a matching hat and mittens re working the chart, I know some have complained about using DPNS,,,,,but I cant thank them ENOUGH for making most of these in the round (and top down!) so I can actually fit as I go along(same as when I knit for people too!) Its my method of choice, I had NO desire to sew pieces together after knitting, I dont do this for humans and I wont do it for a doll, I think one can do just about ANYTHING w/ these patterns, and as long as one has an imagination,,,,one can use these patterns to knit anything!! I am SO SO Pleased w/ this purchase, and while I DO sew, there are many times I want to sit and knit a doll pattern or take it traveling, Love love love this book!!!!!!!

My mom can knit everything under the sun but she says the instructions in this book are difficult for her to follow. It also does not have the exact dimensions for the outfits, how long to knit the length, width, etc... so she's just winking it, hence, it's been months and still no outfits for the dollies.

has sweet designs but all require double pointed needles and dk yarn, was looking for something that used a variety of yarn weights

I am trying to make the boots on page 42. Am I missing something - there are no instructions for Rnd 5 or Rnd 8. This is the first thing I am trying and so far find it had to follow.

Instructions are very difficult to understand, hard to follow and not made easy to create doll cloths.

Beautiful clothes and easy patterns to follow. Only difficulty is finding the yarn. Had to order online to get it. Love working with Caron Simply Soft yarns so worth it.

What a great find. The instructions were perfect and the outfits are adorable.
