Customer Reviews

I really love to order shrimp lo mein takeout from the same place about twice a week, but it was really hurting my budget. When I came across this book, I just knew it would have the recipe. And I was right! Now I make it in bulk at home. Not only does it save me money, but it tastes a lot better to be honest. This book taught me how to fry my chicken, make fried rice, and make sweet and sour sauce. I honestly don't think I'll have a need to visit my old favorite (overpriced)

restaurant again. These recipes are so easy to follow and even give technique pointers for prepping. This was definitely worth the purchase. I made my money back on the shrimp lo mein alone

I love Chinese food, and especially the sauces. The 1 hour barbecue sauce is amazing and the flavor profile was ridiculously good. Who would've thought to add oyster sauce? Simply delicious. The sauce recipes go well with anything, and there's a 300 second sauce that is just the perfect mix of sweet and spicy. I looove egg rolls, and there's even an egg roll recipe in this book! I can't wait to try out all of the recipes, and my family is begging me for more egg rolls as I type this. Please buy this one! You won't regret it!
