Customer Reviews

Some stories can tell you so much more about the world than one would think. "Cracked Marbles: Life's Lessons for a Maine Surgeon" is a collection of memoirs from Tom Palmer as he draws upon the stories of his life serving as a small town surgeon in the state of Maine. Encouraging readers, especially readers entering to medical field, to never forget the human touch in this world of increasing technology, "Cracked Marbles" is as enlightening as it is entertaining.

"A well-written book by a dedicated surgeon who always took the time to explain and be there for his patients. He always showed compassion and understanding. I found these same qualities in his book" Katherine Clifford - former patient and teacher from Brooksville, Maine
