Maps are difficult to read. Baltimore metropolitan area broken into several maps scattered in the book and do not line up. They may be the same scale, but ten are not the same magnification.

Sent it back. Poorly printed, nearly illegible, and poorly organized. Stick to your smartphone.

false advertising. the overall map was NOT baltimore county. it was the whole area around baltimore which made the streets VERY difficult to read in the overview and therefore difficult to locate to drive to.
