Synopsis

Journey across 40 countries and all 7 continents. Video news segment summarizing the book! (2m): <http://andyland.com/press/v> • "Fifteen Times around the World: A lion bit me in Zimbabwe, and other travel adventures" • uses 87 photographs and brief stories to chronicle the most notable highlights of eight years of travel across 40 countries and all seven continents. It is a brief, yet comprehensive, snapshot of our planet at the dawn of the 21st century, educational and suitable for kids of all ages, and adults. SchÄ¶n shares his experiences on safari in the Serengeti and in India, fishing for piranhas in the River, tent camping among penguin colonies in Antarctica, and speeding ATVs around the dunes of the Kalahari Desert. • "What I love most is seeking out new corners of the world that are so exceptionally beautiful and unique that it truly feels as if Iâ™m on another planet," • SchÄ¶n says. When asked about his motivation for producing the book, SchÄ¶n explained, "I have been fortunate enough to be able to visit these places, but it took 165 flights and eight years to do it. I wanted to create a book that allows kids and others to travel the world - both near and far - in an hour or two, and without leaving their seats." beautiful interesting book

An amazing collection of beautiful photographs from all around the world with brief stories and descriptions of the author's time at each location. When I turned the last page, I felt like I had just completed a 45-minute trek of some of the most stunning places on Planet Earth. If you love to travel and appreciate great photography, *Fifteen Times Around the World* is a must-buy.

I bought this for a gift but read it myself We could identify with so many of his travels. We had been to the lion walk where he was bitten. It was great to reminisce. For me, it was so wonderful to relate to a person who grew up not far from where I lived as a child.

Great photos and wonderful stories.
