The Seeds Of America Trilogy: Chains; Forge; Ashes

Synopsis

What would you risk to be free? It's 1776 and Isabel, Curzon, and Ruth have only ever known life as slaves. But now the young country of America is in turmoil—there are whisperings, then cries, of freedom from England spreading like fire, and with it is a whole new type of danger. For freedom being fought for one isn't necessarily freedom being fought for all—especially if you are a slave. But if an entire nation can seek its freedom, why can't they? As war breaks out, sides must be chosen, death is at every turn, and one question forever rings in their ears: Would you risk everything to be free? As battles rage up and down the Eastern seaboard, Isabel, Curzon, and Ruth flee, separate, fight, face unparalleled heartbreak and, just like war, they must depend on their allies—and each other—if they are to survive. Which leads to a second, harrowing question: Amidst so much pain and destruction, can they even recognize who their allies are?

Delivered quickly, adored immediately. This series gives an insightful account of the revolutionary war from the perspective of two child-then adolescent-then teen slaves. I have gained incredible empathy for the harsh conditions of the time on top of better understanding the emotional and psychological toll when another person claims "ownership" of your being. My children will read these books to become better people.

Excellent series! Every middle school student should read it. Adults enjoy it, too. Powerful!

Great book to use with a Civil War study

Award winning author with very moving book series for the middle reader (8-12).

Loved the books. A must read!

I read these books as an adult and enjoyed every minute and every page. These books are exciting historical fiction told by one of the main characters, Isabel, a young African American slave. Her younger sister has epilepsy or the "falling sickness" so she has an additional disability. If you love reading about colonial America and the Revolutionary War, these books are for you!

LOVE ALL THESE BOOKS THEY ARE AMAZING!!!wait sorry it was on caps lock... Anyway, these books were descriptive and heart wrenching!
