Since I started my classes for my degree to be a Paralegal, I remember instructors always referring to Black's Law Dictionary. So I saw this one and decided to order it. And I LOVE it!! It's more than a dictionary. It has Appendices in the back for Abbreviations, The U.S. Constitution, Time Chart for the United States Supreme Court, Organizational chart for the United States Government, and a Table of British Regal Years. (Haven't looked through that yet) Like I said, it's a must have for anyone working in, studying, or just interested in law.

Worth its weight in GOLD, especially if you need legal info on what legalese means. I have difference versions. This is best one with most content that I have Would buy again

I had lost my original copy during my move from Chicago, which followed my graduation from law school. I searched high and low for this edition. The copy purchased on is in perfect condition! No dog eared or highlighted pages. The covers are pristine, with no plemishes whatsoever. And it only cost me \$7 dollars!! I could not be happier. I plan to will it along with my home law library to my daughter who begins law school next spring. I have purchased other items on and have been more

than satisfied with the quality and pricing of these items!!

Excellent research book. A must have

This great dictionary helped me get through the legalese of case law. I love it, and frequently catch myself perusing it for unfamiliar words. I like how it goes into depth on important topics (e.g. the word "mortgage" gets an especially long treatment). All in all, it's a very worthy law dictionary, and I am very pleased to have purchased it.

Great shape

great!

Average condition.
