Customer Reviews

I have been a Realtor for 21 years now and have experience with expireds. William May has a great way of explaining where the expired's are coming from emotionally and how to help them reach their real estate goals. Expireds are not the scary monsters that we have been told they are. They are people with needs that we can help them with. Well written and easy to understand! Loaded full of great information! I would recommend this book to any agent that wants to become better at assisting expired sellers!

I "WAS" on the fence concerning learning about real estate. I am a real estate owner but would love to learn how to sell real estate. This book has encouraged me to start my journey on becoming a real estate professional. Thank you Mr. May for writing a book that speaks to the beginner in a language that beginners understand. I would recommend the book to any new real estate broker that wants to take their business to a higher level. Waiting on your next book Sir.

Got the book the day it came out. There is a lot of great information in here, and I will be reading it again to begin implementing the strategies covered. I love when successful agents share their knowledge and help elevate others. Thank you William May!

Great book nice read, very informative you don't need to be in real estate to use these sales tactics as they are universal.. "some of the best listing our the ones you DON'T sell" This my friend is so true!

Best. Book. Ever.

Love this book! It's more than just objection handlers, it goes in to the mind state of the prospect. It also talks directly to mind state of the agent when making the calls. This is a must read.

Thank you so much for sharing your knowledge and expertise. I've been wanting to call expired in

my area for a while and your book is a motivation for me to make it happen.

I really appreciate the deep dive into mindset and getting ready to call. Looking forward to more, as I re-read this over and over!
