This made a beautiful gift for my 13 year old daughter. The pages are high quality- colorful images, easy reading content, and faith based focus. I liked it so much, I almost ordered one for myself (35 years old)!

The number one thing going through my mind when I was reading through this book was, "Would I recommend this book to our senior clients?" This book is not something I would go out and buy to gift to our clients, but I do think they would get a lot out of reading it. I will save it for my daughters to read through in a few years! Some things to highlight: this book is a great size (the size of modern Bible study books!) It does not really have "chapters," instead it is arranged as articles/essays/quizzes on different subjects throughout. There are QR codes throughout the book that link to very short videos online which is a fun interactive addition.
