Knopf MapGuide: Berlin (Knopf Mapguides)

Synopsis

This opening fold-out contains a general map of Berlin to help you visualize the 6 large districts discussed in this guide, and 4 pages of valuable information, handy tips and useful addresses. Discover Berlin through 6 districts and 6 maps: Unter den Linden/ Friedrichstadt/ Museumsinsel/ Scheunenviertel/ Prenzlauer Berg/ Alexanderplatz/ Nikolaiviertel/ Friedrichshain/ Kreuzberg/ Tiergarten/ Potsdamer Platz/ Schöneberg/ Kurfürstendamm/ Charlottenburg. For each district there is a double-page of addresses (restaurants listed in ascending order of price followed by cafes, bars, tearooms, music venues and stores) followed by a fold-out map for the relevant area with the essential places to see (indicated on the map by a star *). These places are by no means all that Berlin has to offer but to us they are unmissable. The grid-referencing system (A B2) makes it easy for you to pinpoint addresses quickly on the map. Transportation and hotels in Berlin. The last fold-out consists of a transportation map and 4 pages of practical information that include a selection of hotels. A thematic index lists all the sites and addresses featured in this guide.

The Washington Post says, "The map guide lets you be inconspicuous: it's as small and light as a novella, and its flip-out maps could pass as a flyer to a cool club." "Make sure you never lose your way in a strange city. Each of the Knopf MapGuides captures its city's pith in a package as small as a passport wallet." "Real Simple" Knopf MapGuides are handy, practical and perfect for those of us who are slightly impaired when it comes to map-reading. You

don't have to search a huge crackling sheet with a microscopic index for one of 10,000 dots on the map. The extraordinary quality of the books' beautiful hues and heavy paper also give these \$8.95 guides an evocative quality that stands apart from the glossy, garish look of most travel books. "Marin Independent Journal" "A good, handy portable item for a quick trip" "San Francisco Chronicle" "We love Knopf's smart new map guides." "Travel & Leisure

Explore Berlin with 6 easy-to-use fold-out maps plus great listings for all tastes and budgets.

I recently went to Berlin for a short trip. This guidebook was really great. It was lightweight and small enough to fit in my pocket. The fold out maps were easy to read and contained just the right amount of information. One downside to this book - it doesn't provide suggested itineraries or detailed information about the sites. So I chose to do my research and plan my day ahead of time. But once I was out and about this book was perfect to help me find my intended destinations, decide on impromptu stops, and find a spot to eat. I highly recommend this book if you are looking for something small and light to carry around with you. The fold out maps are great!

I love these guides--they seem to be out of print, which makes me sad--Knopf, please revive this series!

While I do like the compact size of this book, I have two complaints about it: (1) the font is VERY small and difficult to read. The subway map is pretty much useless, and (2) the city is split in to zones, and while this way to organize a city map is generally OK, there are major portions of the main city that are not covered in one of the assigned zones. Overall, I would not recommend this book unless you plan in the center of Berlin and if you have microscopic eye sight. I'm off to look for another map right now.

I use these guides everywhere in the world. They are the perfect size and have maps that fold out that you can see. I am never lost once I started traveling with Knopf Map Guides. The first time I was in New York it was a God send. We are planning trips to Paris and Barcelona. I have already located where our hotels are and know where we can go and get back "home."

For its purpose, the best traveler's guide we have yet discovered. We have used them for Paris, Rome, London, Madrid and now Berlin, and they have become a necessary purchase for any new

city we visit. Compact, pocketable, clear and concise - highly recommended.

Best travel books I've come across. Highly recommend.

Excellent map/guide and got the job done for our recent trip to Berlin! The pull-out maps are great and the tips afforded in the guide are top notch. I would absolutely recommend this to others!

The maps in this book were one of the most helpful things we had on this trip. Recommended restaurants and cafes never disappointed! I look for these books with every vacation now!
