Scriptural based book on the subject of healing. It first addresses the question that probably all of us have asked one time or another...why are some healed instantly and others are not...the first chapter is on "When Healing Doesn't Come". I have completed extensive curriculum on the subject of healing and this book is a must for anyone who wants to study the Word of God on the subject of healing. This book covers the two-fold redemption outlined in Isaiah 53:3-5. What I love about this book is it substantiates what it says with scripture throughout the entire book. Ultimately, we have a responsibility to receive our healing and this book tells you exactly what you should do in a very easy, simplistic way that is understandable.

Good book. But it really is a very small booklet

overall informative
