Politics In States And Communities (15th Edition)

Synopsis

Uses a conflict management theme to illustrate state and community politics Politics in States and Communities is distinguished by its focus on politics, its comparative approach, its concern with thorough explanation, its interest in policy, and its focus on conflicts in states and communities. Several themes are carried on throughout the book that emphasize the importance of politics at the state and community level including the "conflict management" theme which emphasizes the sources and nature of conflict in society, how key decision makers act in conflict situations, and how "politics" emerge and determine "who gets what." MySearchLab is a part of the Dye/MacManus program. Research and writing tools, including access to academic journals, help students understand critical thinking in even greater depth. To provide students with flexibility, students can download the eText to a tablet using the free Pearson eText app. ALERT: Before you purchase, check with your instructor or review your course syllabus to ensure that you select the correct ISBN. Several versions of Pearson's MyLab & Mastering products exist for each title, including customized versions for individual schools, and registrations are not transferable. In addition, you may need a CourseID, provided by your instructor, to register for and use Pearson's MyLab & Mastering products. Packages Access codes for Pearson's MyLab & Mastering products may not be included when purchasing or renting from companies other than Pearson; check with the seller before completing your purchase. Used or rental books If you rent or purchase a used book with an access code, the access code may have been redeemed previously and you may have to purchase a new access code. Access codes Access codes that are purchased from sellers other than Pearson carry a higher risk of being either the wrong ISBN or a previously redeemed code. Check with the seller prior to purchase. -- 0133745767 / 9780133745764 Politics in States and Communities Plus MySearchLab with eText -- Access Card Package Package consists of:

Customer Reviews

Given to me in not good condition at all. I have pictures from the day I received it with dates and time stamp as well, just returned it (had to update didn't mean for two stars! It gave me what I needed just wished it was a little nicer!)

I rented this textbook for my college State and Local Politics class. It covers a wide range of topics and ideas and explains them clear enough so that someone without a background in politics can understand. Lots of graphs and charts are included covering a wide array of data, which I personally liked. I noticed slight political bias on several topics but for the most part the book steers clear of forming opinions of its own. Overall, a good resource.

It is exactly what I needed for class. I rented it used and it looks like new bar the used stamp on the binding. The information is complete and comprehensive but there is an interjection of opinion that I feel is unneeded.

Book for school. Good Condition.

The book was in decent shape and worked well for the class

I really liked it

useless

It really came in handy
