It is excellent product and I like fill this type of stuff out.It is wonderful thing to fill out.

Amazing how much easier I get along with shaped notes. A great variety of songs, some are hard to find, and some I've not heard before.

I had previous bought this book - loved it. The one I received was slightly damaged - but I kept the book anyway

My fiance' and I both grew up singing in church from this book -- it was in great condition upon delivery and perfectly in tact.

great service item was as described shipped quickly made recipient happy otherwise all is well. seems a little strange that the review can't be brief.
