#### **Customer Reviews**

Terrible quality. Single character per page, one sided. Looks like printed off searched images. My son is only 3 and it's good enough for him. Saves me from drawing Lego Batman over and over.

The Lego Batman character pictures are cute and definitely look like the movie, but with just a few exceptions there is only one character per page. Description reads appropriate for kids and adults, but anyone over six or so wld prob find this boring.

Finally my 3 year old might quit asking me to draw batman for him to color!!!! Thanks!

But my kids a lego Batman fan and he loves it. 1 object to color per page.

Was very happy with gift they loved it great pictures to color

I actually enjoy this coloring book. The content is more for children but I have no issue with that.

Nephews love it.
