## Synopsis

This text focuses on NUTRITION topics. It includes essential content plus learning activities, case studies, professional profiles, research topics and more that support course objectives. The text and exam are part of the ManageFirst Program® from the National Restaurant Association (NRA). This edition is created to teach restaurant and hospitality students the core competencies of the Ten Pillars of Restaurant Management. The Ten Pillars of Restaurant Management is a job task analysis created with the input and validation of the industry that clearly indicates what a restaurant management professional must know in order to effectively and efficiently run a safe and profitable operation. The ManageFirst Program training program is based on a set of competencies defined by the restaurant, hospitality and foodservice industry as those needed for success. This competency-based program features 10 topics each with a textbook, online exam prep for students, instructor resources, a certification exam, certificate, and credential. The online exam prep for students is available with each textbook and includes helpful learning modules on test-taking strategies, practice tests for every chapter, a comprehensive cumulative practice test, and more! This textbook includes an exam answer sheet to be used with the paper-and-pencil version of the ManageFirst certification exam.

## Customer Reviews

Just a regular transaction. Nothing special.

As most of the books used in class include an answer key in the back of the book, this one does not! Students are required to take the summary quiz at the end of each chapter and use it as a study guide. This is very difficult without knowing if you have the correct answers.

Did not come with answer sheet. Very disappointed.

helped me out alot

Great for reference. I continued to use it after I graduated culinary school.

It has no answer sheet and the post say it did and they didn't even want to send me another come with answers sheet even tho they admit it it's a there fault I'm very disappointed.

Very comprehensive information. Easy to absorb and to the point. Up to date information regarding lipids and carbohydrates.

Did not come with a answer sheet
