# The Story Of A Lifetime: A Keepsake Of Personal Memoirs

## Synopsis

This Family Channel Seal of Quality-winning gift says to someone whose story you want to know: "Your life is important to me. I value who you are. Please tell me more." It invites your mother or father, a grandparent, favorite aunt or uncle, or special friend to share memories, facts, perspectives, beliefs, knowledge, and wisdom gained from a lifetime of experience. Hundreds of gentle questions encourage thoughtful responses. When complete, it's a priceless heirloom for future generations. 384 gold-edged, acid-free pages in an 8.5" X 11" keepsake-quality binding. "The Miracle Book...a treasure that has touched hundreds of lives." McCall's.

## Customer Reviews

"The Miracle Book ... a treasure that has touched hundreds of lives ... " McCall's[[ Magazine ... " exactly the kind of product we had in mind when we established the Seal of Quality ... " International Family Entertainment (The Family Channel[]) "It's compelling, amazing ... just incredible ... obviously makes a really great gift for a lot of occasions ... a book that can be used by so many different people ... this is one of those things that's really worth the wait ... certainly a great benefit to be had ... " Conference Call, News 970 WINF, Staunton, Virginia "Full of great questions ... it's such a great idea ..." Home Life, ACTS/Odyssey Cable TV Network, Ft. Worth, Texas "A special, unique book ... communicates that you value what's gone on in the life of the person you give it to. This is an inside look into the internal journey of the individual that you love ... it becomes more of a treasure the more [they] write in it ... it really gives you some insight into the heart ... a very healing thing for the one doing it ... a wonderful blessing ... more precious as time goes on." Life Quest,

Lifetalk Radio Network, Yakima, WA - "Incredible ... a book for all ages ... a real treasure ... an excellent gift ..." The Observer[[, Athens, Georgia Of all the presents I received, one stands above all the others]]I read each page (The Story of a Lifetime) with awe and wonder not noticing that night had turned into morning. Every page unfolded a path of a life defining the choices which my mother made along her way]]the book serves as a link between her past and my future]]I am so blessed to have such a record of her personal experiences, observations and philosophies. Her story in her own hand and in her own voice will be cherished for generations]]I have made a commitment to place my memories in such a book]]I know what a treasure such a tribute can be. Great book, thorough, handsome, quality. The seller stated clearly that there were a couple cosmetic flaws due to being on the shelf and they were right. I really appreciated their honesty!The

book is heavy with beautiful cream colored pages . The edges of the pages, on the outside, are a golden bronze color. The pages are a flat or matt (not glossy) type of paper which is less likely to smear and smudge. Most of the questions have ample space to write the answer if you have small to medium handwriting. If you have large or loopy type of handwriting it may not be enough. I love the fact that this book has a Table of Context in the front! There is a section in the back that have (blank) lined pages that you can add to. I wish the authors would have added these to each individual section though instead of just the back. This is a large book, something that will look pretty wherever you store it (like a bookshelf or coffee table). The only problem I had with this particular copy was that it smelled like formaldehyde. I think it was the type of plastic it had been wrapped in.

I love this book and I have given it to my daughters, granddaughters, and other young people who may want to write about their lives and don't know where to start. This book prompts you with questions, which in turn helps you to remember events. I have one myself and it really makes me think about my life and all of the wonderful experiences of my childhood. I will continue to purchase this book as a gift for family members when each turn 18 years old. I rave so much about this book that colleagues have bought the book for wives, mothers, and themselves, amazing!! All I can say is BUY IT!!

As my mother aged, I found it was hard to engage her in conversations. This book, *The Story of A Lifetime*, was such a great resource for me. It's a huge book of questions. Since she wasn't able to fill in the answers, I used it as a source for thought-provoking questions about her life. She and I had some delightful conversations that started with questions from this book. It's a great gift for someone who can write in his/her own responses. It's a great tool for getting that parent or grandparent to talk.

I bought this as a gift and the recipient loved it! She said she was going to buy some for others, too. It really makes you think about your legacy. This would be great to buy for grandparents and write down their answers if they are unable to do it themselves. Too bad we tend to lose peoples priceless memories. They should be preserved. I bought it for somebody's 50th birthday. Never too early to start!

This book may be seen by some as a bit too thorough, for it covers every possible aspect of

anyone's life! But you CAN skip over some parts that you don't wish to go into and just work on it from time to time, when you're in the mood, as I have. Just be careful when you have it out, for I got up quickly one time and accidentally spilled coffee on it! (My sister said, "Can't you just get another one and start over again?" Like I said, it's VERY thorough and, after all that writing, that's something you WON'T want to do again!)

I received this as a Christmas gift from my husband and it has been such a fun way for us to spend a few date nights "in". After 10 years of marriage we've even learned some new things about each other! The book is large, easy to write in and provides ample space for all the details you might want to add. Would definitely recommend this and would be a fun gift for a couple as well.

I got this for my mom , it was in my cart for a year , I had 2 one for my husbands mom as wellZ she died from cancer a few months ago . I wish I had gotten this for her. My moms came in 2 days ago and she has started writing in it. I have told about 30 people this and to order so you may go out of stock. I messaged them all last night and some a few days ago. It's a wonderful idea and something iltonhold dear forever. Xo

I purchased this after reading a post by a blogger who had purchased one for her grandmother. I wish I'd known about that while my grandparents were still living! I think it's well organized with a list of sections in the front and additional, blank pages in the back. The book is hardback, with gold-edged pages. I recently purchased one for me to use for my daughter (and hopefully subsequent children), but will only be filling out the first section, as I'm too young for the rest to be applicable yet. I plan to purchase others for both my husband's and my parents to hopefully fill out for their children and grandchildren. It asks a lot of really great questions that help paint a picture of family ancestors, and family members who are just a generation or two beyond our own memories. Essentially, it's a family history book with some personal journaling thrown in. Wonderful and certainly worth the purchase!
