Wonderful book on the Kindle app of 5 short bedtime stories by Uncle Amon. I have an Autistic daughter and she loves to read. She was able to read every word. She enjoyed that she could hold my phone and read it to me and in return, I could read to her when she was too tired to read. There are stories for boys and girls in the age range they stated. My daughter is 10 and she enjoyed every page! We read it every night over and over. It has a couple of pictures to go with the stories. We really enjoy this book and look forward to bedtime every night.

I read this to both my 3 year old son and my 6 year old nephew; both absolutely loved the stories inside! My 3 year old fell asleep by the end of the second story mumbling about pirate ships. My 6 year old nephew stayed up until I finished reading all of the stories included. He was very entertained by all of them. He even helped read parts of the stories, although some words were too

big and I had to help him through them and explain to him what they meant. After we finished reading the stories we went on and discussed each one. This morning he woke up and asked me if we could read a couple of them again tonight! My nephew is VERY picky about what books he likes and doesn't like but this has a story for every child! I would definitely recommend this book to others!

I GOT THIS KINDLE BOOK FOR MY 7 YEAR OLD GRANDDAUGHTER AS SHE READS EVERY NIGHT BEFORE BED. THIS GIVES HER SOMETHING TO READ AT MY HOUSE WITHOUT COLLECTING BOOKS. SHE ENJOYED READING THE BOOK OVER A 2 NIGHT PERIOD. SHE SAID IT WAS EASY READING FOR HER BUT MADE HER RELAX AND SLEEPY. SHE SAID THEY WERE GREAT KID STORIES (I DID NOT READ) BUT SHE SAT BESIDE ME BOTH NIGHTS AND I MADE SURE SHE READ THE PAGES. I RECOMMEND ALL BOOKS ON KINDLE FOR KIDS I KNOW MY GIRLS ENJOY THEM. CONTINUE WITH YOUR BEDTIME STORIES.

I think that this is an adorable set of books for kids. The stories were precious and most of them my 4 year old understood. They are easy to read and I was even able to use a couple of the words as a learning opportunity since my 4 year old didn't understand what some of them meant. I love that there weren't very many pictures because I feel like that really wakes my kids up even more when they get to use their imaginations. However, I feel like this book had no pictures at all. I do like to point out what is going on to my 2 (almost 3) year old who sleeps in the same room as his big brother. So I was disappointed in that.

This book has five short stories, just perfect length for little ones. I have an 18-month-old, and he can get through just about one of them. These would be great for children a little older than my son. I think they are a great touch. There are no animations in the book to really speak of. There is a picture on the first "page" of each story, but that is all. If you are looking for colorful pages, this is not the "book" for you. It is okay for right now, as my little one doesn't really understand what is going on anyway. Overall, for a free few stories, I thought it was well worth the download and I thank the author for their time and effort. I would recommend this to anyone with children.

This book has become a family favorite at bedtime. At first we thought it might have been much since our toddler just turned 3 and the book is aimed at 4-8. We are pleasantly surprised that our little one really enjoys the stories. The book contains 5 short stories which are great when you have

a sleepy toddler. Our favorite is "Adventure to the Moon". There are no pictures except for the one at the start of each story. The stories are well written and perfect for a quick read. I received this product at a discount in exchange for an honest review. I am under no obligation to provide a positive review and receive no incentive for doing so. My review is sincere and I hope it is helpful to others.

Bedtime Stories for Kids by Uncle Amon is a cute book for older kids. I would rate it for kids who are between seven to 10 years old. My four year old is a little young for this book. I was hopeful from the cover that it would be a good bedtime book for her, but there aren't enough pictures for her at this age, and she doesn't follow the stories very well. At this age, at least a picture to start would probably make it a little easier to grab her attention. The nice thing with kindle books is that we will try again at another time when she is a little older and more ready for written or spoken stories. I received this product at a discount in exchange for my fair and honest review.

I just want to say that I love that I got the chance to be able to share these stories with my kids. We always read books before bedtime and my daughter is now starting to read so she enjoys being able to read the stories to me and her brother. Although this book was on the kindle I did enjoy it. I do try to read actual books that you can hold to the kids but it's nice to change it up a little sometimes. The kids keep asking me to read more from the book so I pretty sure this book was a hit with them. I really liked this book and will continue to read the stories as long as they want me to. I did receive this product at a discounted rate in exchange for an honest review.
