# Standard Catalog Of World Coins - 1801-1900

## Synopsis

19th Century Coins Identified and Valued! The 7th edition of The Standard Catalog of World Coins 1801-1900 offers comprehensive coin listings and current market prices compiled from data provided by over 140 experts from around the world. For researchers, collectors, auctions and dealers, The Standard Catalog of World Coins is the hobby's central information resource and has been for over 40 years. This 7th edition contains significant price increases for many countries in Asia, Europe, Central and South America. Great Britain, France, China, India, Vietnam, Colombia, Ecuador, Mexico and many others have seen serious jumps in the value of their classic coinage from this period. Each coin listing provides: Up-to-date values listed by date and grade. Universal KM reference number. Detailed descriptions of obverse and reverse designs. Coins struck in gold, platinum and silver are detailed with: Total coin weight. Fineness. Actual precious metal weight. Special features offered in this edition include: A user's guide to the catalog. International Numeral Systems chart. Instant identifier of National Arms. The Standard Catalog of World Coins is the coin catalog you've come to depend on and the one you can trust for the best in world numismatics.

## Book Information

Series: Standard Catalog

Paperback: 1296 pages

Language: English

ISBN-10: 1440230854

ISBN-13: 978-1440230851

Product Dimensions: 8.2 x 2.6 x 10.9 inches

Shipping Weight: 5.2 pounds

Average Customer Review: 4.9 out of 5 stars 26 customer reviews

Best Sellers Rank: #465,162 in Books (See Top 100 in Books) #17 in [Books > Crafts, Hobbies & Home > Antiques & Collectibles > Coins & Medals > World Coins](#) #236 in [Books > Crafts, Hobbies & Home > Antiques & Collectibles > Antiques Care & Reference > Reference](#)

## Customer Reviews

George Cuhaj is an experienced and accomplished numismatist and researcher. George is a collector with a passion for this hobby, as well as several others. George, a former cataloger for both Stack's Auction House in New York and the American Numismatic Society offers a wealth of

knowledge to the KP line. George continues to develop his network of over 175 dedicated contributors. Tom Michael has performed in-depth price analysis for the KP numismatic book line for nearly 21 years. He travels across the nation and most recently, to Berlin, Germany, to connect his network of collectors and dealers, to create the most accurate database of world coin market values.

OK, so these books are basically canonical lists of all the coins on the planet. In tribute, I will say a few words in canonical list format. 1. Do not, under any circumstances, pay list price for these things. It has been my experience that your local library book sale is probably giving these away for a dollar. Since they're reference guides, libraries turn these over every single year. Don't pay \$50 when you can get them for \$1 at the annual booksale. They'll be a year out of date but who cares. 2. Remember, the prices listed here are RETAIL prices. If you take your collection to the coin shop to sell it you'll get ... well, not the prices listed. 3. These don't change all that much from year to year and when they do it's generally to reflect a change in the price of gold or silver.

I have been collecting coins for at least 72 year and have a 1980 SC of WC by Krause when it was a single volume of 1856 pages. Handy but today the several volumes were available on for very low prices so I got three which cover 90% of my world coins. Thank you .

Very good update to the Bible of Coin collecting...No one who's a serious coin collector should do without, especially if you're bidding on eBay. You'll see how overpriced coins can be on eBay, and how rare they really are.....

This coin catalog was purchased for our grandson. Although not the most current coin catalog, we felt it was adequate for our grandson, who is a beginner coin collector. We were very satisfied with the condition of the catalog and the speed in which it was sent.

Excellent reference book

Easy to use for a complicated hobby and very helpful.

Book is very nice the best book for coins you can buy on the market

Book is VERY large. Make sure you've got shelf space!
