Highly anticipated product and I am in LOVE! I received this in the mail today and already used for tutoring- much to the surprise and excitement of my student. Favorite Fly Guy stories with added phonics emphasis. Perfect for any early elementary student!

My son LOVES fly guy! We read one each night before bed. He loves buzz and flyguy!

My son loves fly guy. these books are a great for a beginning readers.

Three stars because it's Fly Guy, you get a lot of books, and the storage box is nice. Minus two stars because I was disappointed in it being labeled as a phonics set. I was expecting this to be a step up from BOB books, something more exciting to encourage struggling readers. Regular Fly Guy books are fairly simple, so I thought these would be even simpler. But they aren't. They are only shorter stories.
