Stephen Cosgrove is one of the best-selling children's book authors of all time. His writing career began in 1973 when, while shopping at bookstores for his three-year-old daughter, he was frustrated by the lack of fun-to-read picture books that also convey positive values. Consequently, he decided to write his own stories. Cosgrove went on to create four titles that became the foundation of his best-selling Serendipity series, which has sold over 80 million copies worldwide. Since then, he has written more than 300 books, some under his own name and others using pseudonyms, ranging from picture books to young adult thrillers. The winner of the Coors Lumen Award for family values and multiple Children's Choice Awards, he lives in Austin, TX. Robin James is a gifted illustrator and a native of the Pacific Northwest. She has loved art and animals all her life and has been drawing ever since she could hold a pencil. Through the years, she has

created a wide variety of artwork from animal portraits to wildlife paintings and has illustrated over 75 children's books, and is published worldwide. She lives in Snohomish, WA.

My children love this book and story. But the first day the binding came undone and I had to tape the whole book back together. I live rural Alaska and returning items is just not worth it...

So happy to have access to these books again.

I was so happy to find this book. This book was my fave when I was a little girl. Although I never personally owned, I borrowed it from the library every chance I got! I am extremely happy to be able to share this wonderful book from my childhood with my children today!

My daughter loved this book back in the 70s, now it's a favorite of her daughters. Wish I could find more of Stephen Cosgroves books in ebooks or re-released especially the first Serendipity.

I loved these books as a child and am very excited to share them with my children. Each story has a lesson to be learned.

Great kid's library staple.

Love these books!

A cool story. My lady & her girls love the story.
