## Synopsis

The fiery U.S. Senator from Massachusetts and bestselling author offers a passionate, inspiring book about why our middle class is under siege and how we can win the fight to save it. Senator Elizabeth Warren has long been an outspoken champion of America's middle class, and by the time the people of Massachusetts elected her in 2012, she had become one of the country's leading progressive voices. Now, at a perilous moment for our nation, she has written a book that is at once an illuminating account of how we built the strongest middle class in history, a scathing indictment of those who have spent the past thirty-five years undermining working families, and a rousing call to action. Warren grew up in Oklahoma, and she's never forgotten how difficult it was for her mother and father to hold on at the ragged edge of the middle class. An educational system that offered opportunities for all made it possible for her to achieve her dream of going to college, becoming a teacher, and, later, attending law school. But now, for many, these kinds of opportunities are gone, and a government that once looked out for working families is instead captive to the rich and powerful. Seventy-five years ago, President Franklin Roosevelt and his New Deal ushered in an age of widespread prosperity; in the 1980s, President Ronald Reagan reversed course and sold the country on the disastrous fiction called trickle-down economics. Now, with the election of Donald Trump—a con artist who promised to drain the swamp of special interests and then surrounded himself with billionaires and lobbyists—the middle class is being pushed ever closer to collapse. Written in the candid, high-spirited voice that is Warren's trademark, *This Fight Is Our Fight* tells eye-opening stories about her battles in the Senate and vividly describes the experiences of hard-working Americans who have too often been given the short end of the stick. Elizabeth Warren has had enough of phony promises and a government that no longer serves its people—she won't sit down, she won't be silenced, and she will fight back.

Incisive, infuriating, down right unbelievable and all of it true. Democrats and liberals need to stand together . Elizabeth Warren speaks plainly to most of the population. We grew up as she did, working to get by, then to get an education so we could understand and know what we're fighting for here. Democrats need to buck up and fight hard. Republicans are sucker-punchers. We just need to get better at fighting. The way of Trump's world is scary, dark and evil. We must stop the insanity!!!! This is America, and I'll fight for her. AND I can do it without carrying a gun.

Wonderful book! Being in the south, I had only heard of Sen Warren in the news. After reading this book, I like her ideas and I hope that I get the opportunity to vote for her in the future.

So very knowledgable , and I felt like she was talking to me. She can connect with people because she has been there working hard to make ends meet.

Everyone who loves America but fears for its current direction needs to read this book and take what Ms. Warren has to say to heart.

Powerful message to make all of us responsible to fight against the corruption and unfairness in our government and country.

I enjoyed this book and learned so much about Elizabeth Warren and about the many forces driving

so many aspects of our government and specifically our legislative activities. She writes well with humor and so much good information. Reads like a novel. Very interesting book.

This lady is a spit fire who isn't afraid to tell it like it is. Very interesting and informative read.

Elizabeth Warren gives me hope for our future. Her information is spot-on. I highly recommend this book!!!
