The Practical Handbook For The Emerging Artist, Enhanced Edition

Synopsis

Primarily designed to help visual art students make the transition from art school to their own practice, *THE PRACTICAL HANDBOOK FOR THE EMERGING ARTIST* is also an excellent resource for practicing artists. This *ENHANCED SECOND EDITION* continues to focus on all aspects of the emerging artist's career-studio practice, including developing ties in the art world, documenting work, making digital images, exhibiting art, writing about art, taking on curatorial responsibilities, addressing financial and legal concerns, and attending graduate school, with added emphasis on art in the digital age. The text demonstrates how students can make things happen for their careers, in addition to helping them find and approach already-existing outlets for their work.

exactly what I needed and expected. Great product and quick delivery

They were as advertised.

on time and as expected

This is a book I will keep forever. As an artists, it gives us all the guidelines for showing our art, selling, approaching galleries, etc. Thanks to our Professors for requiring this for classes.

Very informative

I actually gave this to an exceptional young artist who will no doubt become a premier artist. This book covers the details of being a professional artist.

Purchased for class. Great information provided.

I've read several books trying to figure out how to promote and market my work. This one has proved to be the most useful, and direct, vs esoteric.
