Customer Reviews

Great book, lots of interesting information. Good format, feel, and look. It's quite think so keep that in mind if packing small.

Such a great book. My gf and I love lonely planet books when we head out of the country, especially to places where wifi and cell service aren't readily available.

Great book. Lot of help on my trip

good guide

Extremely helpful, information very updated. Thanks.

Very helpful

the street maps of the city were a little too light and hard to read. for example, parks or green areas should have been shaded. but in all, it is a good basic guide to mexico.

LP. Solid info, beautiful country
