# Elephant Coloring Book For Adults: An Adult Coloring Book Of 40 Patterned, Henna And Paisley Style Elephant (Animal Coloring Books For Adults) (Volume 2)

## Synopsis

Get fantastic value for money with this huge Elephant Coloring Book! These expertly illustrated elephant designs will provide hour upon hour of entertainment! This elephant coloring book contains 40 single sided coloring pages. This allows you to remove each page for framing for example. This also helps reduce bleed through onto the other designs even if you are using markers, making this book suitable for everything from coloring pencils through to marker pens. The henna and paisley elephant designs contained within this fantastic book are created by various artists, each hand picked by us here at Adult Coloring World to ensure fantastic quality throughout. We know that sometimes you will buy a book after being impressed initially by an amazing design on the cover, only to be disappointed with the books contents when you open it. Well we make sure this never happens with any of our books and we can assure you that all of the designs inside are high quality from start to finish. This adult coloring book of elephants contains a wide variety of imagery. The designs you will find inside also range from very easy simplistic designs right through to the more challenging and complicated, so there will be something to suit all tastes. If you love elephants then what are you waiting for? Get started today!

## Customer Reviews

What a wonderful coloring book! One sided and very detailed artwork makes for hours of fun. I've only spent about two hours with it so far and haven't finished one yet. beautifully done!

I loved the designs in this coloring book, and while the intricacy that exists in some of them may not be for everyone, I am a huge fan! A bulk of the designs seems to be done by the same artist, the ones with more 'tribal' like patterns, and thick lining on the outline of the elephant's body or head. One downside is several designs that were poorly copied and seem to be faded on the page or lifted from a third party source. The paper is rather thick, I was able to color it with watercolor and watercolor pencils, markers would definitely bleed through. I would have preferred perforated pages, but I ended up just ripping the binding of the book, and ending up with a stack of the coloring pages, which solved the issue for me. If you are someone who colors within the book without tearing out the page this definitely won't be an issue. The only concern I did have was the potential of stolen artwork, but I scanned a few of the pages and ran them through a reverse image search and found nothing, which leads me to (hopefully!) believe all the artwork is original. I love this coloring book, hands down one of the better ones I have done in a while.

Love this coloring book...the pictures are absolutely gorgeous!! The ONLY complaint I have is that the pages are kind of thin, but I typically use colored pencil not markers so it shouldn't be an issue for me, just a word of warning if you use markers to place a sheet of paper or two in between when coloring.

I am very pleased with this coloring book. The designs are varied and beautiful. You get a mix of "head shots" and full-body pictures. Some are intricate in design, and others bolder. The pages are of better quality that you'd likely find in a child's coloring book, but if you are using markers, you will need to place a sheet of paper behind to page to avoid ink bleeding through onto the next page. There are a few pages I won't use, as I don't care for those particular pictures, but overall, I'm glad I purchased this book.

Just getting started, still on my 1st picture. Quite detailed & need really sharp pencils to do justice to the tiny areas. Might like something with a little bigger areas. BUT, if you love elephants, (& don't mind sharpening ) this is for you.

My 20yo daughter loves elephants so I thought this would be a great Xmas gift! Something other than clothes and something she would enjoy; I was right! She was more syked about the coloring book than any other gift! Great quality prints with lots of detail.

Images are a little small, and because of the tiny little details, I enlarge the pictures on a copy machine and make multiple copies. Just in case I need extra for others, I mess up, or want to do the same picture in a couple different ways.

I love elephants so much that I bought this book. I love coloring a lot. I am not crazy about not being able to use only a few colors because the drawings are so intricate and detailed but I guess it is good for my patience and it makes me calm to color them.
