Yesterday when I ordered this book, there were six reviews, five of which were five-star reviews. I received my order this afternoon. Today, however, I am told that I am the first reviewer. Strange ... The description of the book yesterday gave no indication that it was a children's book, and there was no way to look at pages inside the book. Today, however, the description clearly states that it is

written for young readers. Strange again ... Had I known that the presentation would be so elementary, I would not have ordered it.
