The Finest Wines Of California: A Regional Guide To The Best Producers And Their Wines (The World's Finest Wines)

Synopsis

Unconstrained by tradition or viticultural regulation, California winemakers enjoy a freedom that has resulted in a remarkable range of world-class wines. Beautifully illustrated with original photographs and detailed color maps, this guide introduces California wine by exploring the best that the state has to offer—from lush Sonoma Chardonnay to spicy Santa Barbara Syrah to heady Amador Zinfandel. At the heart of the book, award-winning wine writer Stephen Brook offers 90 intimate profiles of top producers—from Napa and Sonoma to the North and Central coasts, the Sierra foothills, and beyond. Brook also includes general information on California wine history, wine culture, grape varieties, and more. Throughout, he searches for the characteristics that make California wine distinctive despite its tremendous diversity—and finds the answer in the state's unusual climate, especially the shifting interplay between fog and sun, as well as a lively and constant questioning of received ideas about viticulture, vine age, terroir, and winemaking techniques, all of which have helped winemakers to create complexity, individuality, and nuance in their wines.

Book Information

Series: The World's Finest Wines (Book 4)

Paperback: 320 pages

Publisher: University of California Press (March 7, 2011)

Language: English

Customer Reviews

• An important contribution to the wine literature on California. • (California Grapevine 2011-05-01)

Stephen Brook writes on California wine regularly for Decanter and World of Fine Wine, among other publications. He is the author of fifteen books on wine, including Bordeaux: Medoc and Graves, The Complete Bordeaux, Pocket Guide to California Wine, and The Wines of California, and is in demand as an international wine judge.

Full Depth on A Limited Number of Wineries. Not a comprehensive review of all wineries, such as Coates tomb on Burgundy or Brooks missive in Bordeaux. But nicely focused on Tuscany.

As the other books in this series the text has some interesting historical background and personal tidbits on the producers. The book is full of notes on winemaking techniques and style that aficionados will enjoy. The main issue with the book is the omissions. Obviously, what constitutes the "finest" wines of California is to some extent a matter of taste. But no Bond? No Bryant Family? No Colgin? No Screaming Eagle??? But Gallo is there...I'm not sure what drove Mr. brook's selections but some sure are odd.

This is an excellent overview of some of the best vineyards and wine producers in California. A must-have book for California wine collectors or folks headed on wine tours in the region.
