[View larger](#) **Chicken Cordon Bleu** Cordon bleu is a French term that means "the blue ribbon";, which doesn't tell you much about this recipe. Chicken Cordon Bleu is simply chicken stuffed with ham and Swiss or Gruyere cheese. It's a fancy recipe that's a cinch to make with the air fryer. **Family Favorite** Fry / 380° F. Serves 4. Prep time: 15 minutes / Cook time: 13 to 15 minutes. Calories: 478; Total Fat: 12g; Saturated Fat: 3g; Cholesterol: 200mg; Sodium: 575mg; Carbohydrates: 26g; Fiber: 2g; Protein: 64g. **Instructions** 1. Put the chicken breast filets on a work surface and gently press them with the palm of your hand to make them a bit thinner. Don't tear the meat. 2. In a small bowl, combine the ham and cheese. Divide this mixture among the chicken filets. Wrap the chicken around the filling to enclose it, using toothpicks to hold the chicken together. 3. In a shallow bowl, mix flour, salt, pepper, and marjoram. In another bowl, beat the egg. Spread the breadcrumbs out on a plate. 4. Dip the chicken bundles into the flour mixture, then into the egg, then into the breadcrumbs to coat thoroughly. 5. Put the coated chicken bundles in the air fryer basket and mist with some olive oil. 6. Bake for 13 to 15 minutes or until the chicken is thoroughly cooked to 165° F. Carefully remove the toothpicks and serve. **Ingredient tip:** You can find chicken filets, which are cut from the chicken breast, in most large grocery stores. If you can't find them, you can cut one chicken breast in half, holding your knife parallel to the work surface, to make two thin slices. **Ingredients**
4 chicken breast filets 1/2 cup chopped ham 1/3 cup grated Swiss or Gruyere cheese
1/2 cup flour Pinch salt Freshly ground black pepper 1/2 teaspoon dried marjoram 1 egg
1 cup panko breadcrumbs Olive oil for misting

Answers most of my questions. New to air fryers, I have been "reading up" on the features and uses for this new tool. Three other cook books each answered some of my questions, but not enough to feel comfortable with my new toy. This book offers recipes conversion charts and practical guidelines for getting to know the machine. Helpful free reference websites are also listed at the back of the book.

Great product for the price, really nice simple recipes for the every day family and two person household. I love the fact that most of the recipes are what all of us cook on a every day basis. This will

not be sitting in a cupboard with 50 other cook books. This will be used every day. If you want a air fryer cook book with chicken and pork chops and different potatoes along with stuff you have in your home then this is the one. No fancy dishes just good home cooking.

Of the 5 books , I purchased on air fryer recipes, this one was the best written. This book included the number of servings for the recipes and it seems to be the only book that had been edited before printing.

Super Star of the three Air Fryer cookbooks I purchased recently. If you are new to Air Frying, this book is what you NEED. It has everything you need to get started with making great recipes. The book starts off with great tips and in depth information about the air fryer and its benefits. Next, you get five pages of charts for cooking most foods, frozen or fresh. This becomes a handy reference tool. The next section covers Air Fryer Safety, Oils to use, and Cleaning and Caring for your Air Fryer. Finally, there are nine chapters that include Breakfast, Lunch, Dinners, Appetizers, and Side Dishes. There is also an Appendix for Conversion Tables. Easy-to-follow, well-written and delicious recipes. This book is worth every penny!

This is recipes I can understand. I have everything in my house. Very easy recipes and good tasting ones too. Like the Monkey bread, Bacon tater tot and etc. I like the Calories count, protein, and fat count in it. Works great for me on my diet. I just wish they had more pictures in it but we would have to pay more for the book. Paid full price for this no discount on this one.

Wish it had more simple every day type foods.

This book was not at all what I was expecting. It has quite a few recipe's but not many foods that we are interested in. However that just my opinion.

This is a real cook book written by a woman that knows how to cook. Good directions, common sense, well organized and a joy to use. I am an old life long chef---I love seeing good recipes that are well done.
