Killer Frost (Mythos Academy Book 6)

Synopsis

I've battled the Reapers of Chaos before and survived. But this time I have a Bad, Bad Feeling it's going to be a fight to the death. . . most likely mine. Yeah, I've got my psychometry magic, my talking sword, Vic, and even the most dangerous Spartan on campus at my side in Logan freaking Quinn, but I'm no match for Loki, the evil Norse god of chaos. I may be Nike's Champion, but at heart, I'm still just Gwen Frost, that weird Gypsy girl everyone at school loves to gossip about. Then someone I love is put in more danger than ever before, and something inside me snaps. This time, Loki and his Reapers are going down for good . . . or I am. Praise for the international bestselling Mythos Academy series "Lots of twists and turns and a surprise ending will leave the reader breathless!" â RT Book Reviews on Kiss of Frost, 4 Stars "Humor, snark . . . a world you won't want to leave." â Heroes & Heartbreakers

Customer Reviews

I highly recommend this author and this series along with her Bigtime series and her Elemental Assassin series. I love this author! Also I was tickled pink to hear two of my fandoms mentioned (Buffy/BTVS and Veronica Mars) not to mention the Pork Pit, Big-time and other references to her other stories. Read and see what I mean, but start at the beginning please! Three cheers for Jennifer Estep!

There is passion and poignancy embedded in these pages. An introduction into the consequences of adult choices and adult rewards. There is pain, power, and reality written simply starkly. Life is filled with all the silly and sappy. Cries of "Get a room!" cross with the frenzy of hormonal rushes. And it is vitally true that love comes when it comes, at any age. And love is a delight to watch. There is wisdom in a well baked cookie. And pain in every fight, in every life. There are as many hard choices as easy ones. And we all come to living, confused, doing our best in the moment. Thank you for the laughter, the tears and the bittersweet.

I feel like all my favorite series are ending this year and it's slowly cracking my heart, with happy beams shining through of course. Killer Frost didn't disappoint me in the slightest and I couldn't be more stoked with how the end of the series played out. Jennifer Estep couldn't have made me happier with how all of our characters ended up. Daphne, Carson, Nyx, Oliver, Alexei, Nickamedes, and the whole gang is one I won't leave lightly because I heart them all so much. I also absolutely adore Gwen and Logan and couldn't love them more. Everything they've been through has boiled down to this final battle and I just want to squeeze them both. This series coming to an end is of course so bittersweet. It's been such a long journey with the whole Mythos gang and it's epic battles, hard aches, and of course loving moments. I don't want to let it go but alas with all good series, at some point you must and I'm happy to say that I loved this series and it's ending and couldn't be happier.

Love this, sorry the end of the series is here. Again, read this because of the author's other work. I'm finding a lot of young adult novels are so well written, with great stories and worlds. Two of my daughters read this series as well, and the youngest is now 18. We all loved it! Now she needs to start another one.

Oh my gosh, if you haven't read the Mythos' Academy Series, you are missing out. I love paranormal, and I really got tired of all the erotica. This was a refreshing change from the norm for

me, and am very happy that I picked it up. From the very first book till the last one, the author had me hooked. This ranks right up there with Richelle Mead's Vampire Academy and Bloodlines series. I was not bored at all. Usually YA has a lot of teenage angst that I can't get past, but not this YA! I actually teared up a bit when reading the last chapter, as I knew that was the end of the series. PLEASE, PLEASE, PLEASE.....have a spin off?

Such a beautiful ending to such a beautiful book, but I feel that it just left something missing. It inspired tears, hatred worry, and many mixed emotions in me, I just feel like there is more that will happen that I would love to know. I want to know more, so much more, it seemed to end so short-handedly.

Alright Ms. Estep, I have thoroughly enjoyed your Mythos Academy series!! I am thoroughly disappointed that Gwen, Logan, Daphne, Carson, Oliver, Alexei, Grandma Frost, Metis, Nickamedes and the others are finished!! We have to hear more from them at some point! Please?? Again, thanks for an OUTSTANDING series!!!!

And it was a great series :) the author didn't over-do the teen angst or hero complex, tho those were present, and the plot was a bit predictable but not too much so. I reallllly enjoyed it. I got a lil wet eyes just because the series ended. Worth reading more than once!!! The whole series is, imo.
