Tro (Elsker Saga Book 3)

Synopsis

TRO - The Elsker Saga, Book Three An Upper Young Adult Paranormal Romance featured in USA Today Sometimes you just have to believe. Finding her destiny nearly cost her everything. Kristia knows she can handle whatever The Fates throw at her next—including her long-awaited honeymoon with the God of Winter. But as things heat up between Kristia and Ull, a frost settles over Asgard. An unexpected death marks the beginning of the end, much earlier than anyone expected. Kristia's barely begun to understand what she's capable of, and controlling her powers seems completely out of her grasp. With her new family fighting for their lives, and Ull fighting for their future, Kristia has to make a devastating choice: preserve the life she loves, or protect the god she can't live without?

Customer Reviews

I didn't think I could possibly love this series more, but Ms. Bende has proven me wrong! This conclusion to the Elsker Saga was phenomenal, and sweeps you off your feet from the very first page. Ms. Bende has such an elegant way with words that you will never want to stop reading.

Because of this, you'll easily devour this book in one sitting (even though you want it last forever)! The scenes were yet again perfectly and richly described so you can easily picture every minute detail as if you were truly standing next to the characters. Ms. Bende weaves the Norse mythology into the story seamlessly, and it makes for such an exciting read as you learn Norse mythology and are taken on an exciting adventure. She obviously did her research, and I loved every single second of it. Kristia has always been one of my favorite characters because she has always been strong, but she truly blossoms in this one into a brave warrior. She takes on the role that she must to fight and defend Asgard (and Midgard) from Ragnarok, and is certainly kick ass! Ull is as amazing as ever, and will have you swooning so many times throughout the story. He would go to the ends of the earth for Kristia, and he proves how much he cares and loves her in this novel. The romance between Ull and Kristia can't be denied, and their entire honeymoon was extraordinarily magical and lovely. The action is at an all time high once you reach the halfway point in this novel, and it is never-ending excitement until the end. There's plenty of fighting, deception, and sadly death (but don't worry too much). I loved that there was peek into Kristia and Ull's future, as it gave the series as a whole a very nice conclusion. That being said, I definitely wouldn't mind reading more!!! I highly recommend checking this book out for fans of the Elsker Saga. It is not to be missed!! I can't wait to read more amazing adventures from Ms. Bende (maybe even another novella *hint hint*).5+++++ stars Happy reading :)

I just finished this book to the series and loved it. It really surprised me at the end and I am not going to spoil it for you, so you will just have to read it yourself. Kristia is one strong woman and even she didn't know how strong she was until she needed to be. The fact that she never gave up on those she loved and always put them before her made for a great read. Ull and Kristia together make a very romantic couple so if you really don't care about mythology or wars, there is a very cool love story going on. This book hits on all three levels, action, mythology and romance. In addition, the author left it open just enough that if she wants to carry this story further, she can. I, for one, hope that that she does decide to do just that in the future.

The third book in The Elsker Saga series Kristia and Ull are finally married and they are both now god and goddess of Winter. Ull has never felt this way before he is very happy and in love. He is complete now. The god of Winter surprises Kristia with where they were going for their honeymoon. They spent a couple weeks there being wrapped up in each other. Eventually everything got to Kristia and got in her head so she wanted her husband to teach her how to fight and defend herself

because she knows she will need it. Unfortunately the honeymoon was cut short by events that could not be ran from. You can not miss the epic battle between god of winter and another god that is well known by all. The ending of that battle you will not see coming. God of Winter you will see many sides from in Tro. He is overprotective most times, happy and fierce when he gets in the battle mode. I will completely recommend reading anything from S.T. Bende especially The Elsker Saga. It is a gripping story that you will not be able to put down.

I'm sad this series had to end, but I loved every second of it! Book 3 was fantastic, was super fast paced but gave you everything you ever wanted/great way to end the series. One of my favorite parts was when Kristia was learning her Goddess of Winter powers while on her honeymoon and once they are back. Yeah, the honeymoon setting reminded me of Breaking Dawn, but this one was so much better and thank goodness Kristia didn't get pregnant. You fall in love with the side characters even more and the expansion of Norse mythology that is included because of Ragnarok. I didn't think i could fall more in love with Kristia and Ull, but I did. The love you you feel from the familiar relationships and friendships are epic. S.T. Bende did a fabulous job, I highly recommend this series!

If I could give the elsker series a higher rating I most definitely would I honestly have never been so drawn to a book series since I was young and Harry potter came out but anyway this series never once disappointed me there was so much love and emotions going through myself when reading these books I was constantly on the edge of my seat wanting more I would recommend this saga to friends and family alike and to others looking for a good book to read I sure hope i someday find out ullr and kristias babies name I'm still wondering what it is after reading it last weeks ago....anyone who wants to read this saga should totally give it a go I promise you won't be disappointed

I loved this series! I especially loved that while there is obvious attraction, in the whole series, it is treated very decently, and never crossed the line into offensive territory. Kudos to the author for keeping it clean! Even the language was really clean. I loved the characters, and the story line was also great in all three books. I'm looking forward to reading more from this author! Incidentally, I received nothing free from the author, in exchange for this review. I just loved the series so much I had to write the review, especially since I am sick to death of reading books with horrible language and basically written porn in them, so this series was such a refreshing change!
