Customer Reviews

I thought it was a great read and that finally there is a Medical Doctor that is helping reverse this terrible disease.

Who would've thought that you have a choice when it comes to Type II Diabetes?!? Though not personally diabetic myself, I learned so much on how to not only prevent, but reverse this disease. Fantastic read!

This book is not a "how to" book, it is an advertisement for their "program". The entire book talks about reversing diabetes naturally but never tells you how to do it. Nothing about natural eating or supplements. Spoiler alert: the last chapter asks how much your life is worth in terms of dollars then

tells you help is available to those who qualify and are willing to invest in their program. Don't waste your time or money on this book.
