A Filthy Book In A Fancy Dress: Ebook Formatting And Cover Design Essentials

Synopsis

Have you ever wanted to self-publish erotica, but find the technology frustrating? Are you at your wits' end with devices displaying your manuscript inconsistently? Are you ready to throw a book at ebooks? Would you like more control without sacrificing publishing speed? Are you getting tired of these questions?If you answered "yes" (and even if you didn't), this step-by-step guide will walk you through the process of creating a streamlined workflow for hand-formatting your own ebooks. You will also learn some best practices behind cover design, including stock photo and font selection. At the end of the guide, you will have both a MOBI file and an EPUB file ready for publishing and customers who will be thrilled with your presentation, giving them more opportunities to be thrilled with your content. No matter what device they might be using. While this book is geared more toward erotica authors, writers of any genre can benefit!Let's get started!

Enhanced Typesetting: Enabled

Best Sellers Rank: #440,275 Paid in Kindle Store (See Top 100 Paid in Kindle Store)   #20 inÂ Books > Reference > Writing, Research & Publishing Guides > Writing > Erotica   #39 inÂ Kindle Store > Kindle eBooks > Arts & Photography > Graphic Design > Design > Books #1015 inÂ Kindle Store > Kindle eBooks > Reference > Writing, Research & Publishing Guides > Writing Skills

Customer Reviews

Although I have a background in CSS & HTML as well, this guide helped me tremendously in

streamlining the process as well as how to create the appropriate files for uploading. The information is precise and quality. I highly recommend this one.

What a fabulous book by someone who didn't HAVE to share every step of his process, but did anyway. Highly recommend this book for anyone getting ready to publish their first (or one hundredth) e-book.

OK for real, formatting ebooks is a real son of a b-- what? I can't say that here? OK then. Formatting ebooks is a right pain and this book walks you through the parts that are most likely to trip you up. The author isn't dry and boring even when using words like sans-serif, cascading style sheet, or regular expression. I can't recommend it enough if you're a short story erotica author type, or really any kind of author who wants to self-pub a book.

Way better than Guido Henkel's guide AND written in good English. I understood almost everything, and I'm not very clever.
