Selected Federal Taxation Statutes And Regulations (Selected Statutes)
This convenient selection of federal taxation statutes and regulations is designed to provide up-to-date information for students and professors alike. It includes edited provisions of the Internal Revenue Code (IRC), Treasury regulations, and various materials prepared by the Internal Revenue Service (IRS). A staple text in law schools, this informed volume is relied upon for its consistent format and extensive coverage. Detailed sections on the Internal Revenue title and Treasury regulations discuss income taxes, estate and gift taxes, employment taxes, miscellaneous excise taxes, procedure and administration, and the generation-skipping transfer tax. Detailed appendixes and a topical index are also included. The new volume contains all relevant statutory changes made since 2014, including the changes made by The Tax Increase Prevention Act of 2014 (Pub. L. No. 116-295). IRS regulations are updated (notably, new regulations on expenses paid for lodging when not traveling away from home and regulations on allocation of basis among nonrecognition property in certain corporate transactions) and the inflation-adjusted items for 2015 are included (Revenue Procedure 2014-61, Revenue Procedure 2014-30, Notice 2014-70, and Notice 2014-79).

Synopsis

I have two issues with this book: 1. The edits cut out some important code sections. 2. The paper if this edition is so incredibly thin that you can barely use the book for its frequent-reference purpose. Otherwise, I like the way it is set up and it's a nice book. I should have gotten one of the older editions for the thicker paper.
Comes with a Federal Tax map to help you find specific tax codes. Came in perfect new condition.
