Global Financial Sector coverage of the causes and impact of the latest "great recession." • Systemic Risk and the presentation of the challenges posed in the financial system. Customer Reviews

I received my book on Saturday after nearly one month of waiting. The quality of the book is pretty good. However, there is a small mistake with the appearance. The corners of this books are distorted . Ok, i can understand anyway because of the packing and transferring. Nevertheless. I wish i could receive a more good-looking book.

love to save money, I got this international edition for my finance class, got an A, everything inside

is as the US edition

This book's condition is okay. 2 pages missing or taken out. Seems like it was wet or got wet during the shipping. However, for study purpose it is very useful.

Brand new book delivered on time! Thank you.
