## Customer Reviews

I was hoping for more guidelines to talk to entities, since the book's title seems to imply that. The book is only one person's experiences however and that was a disappointment.

A real page turner! Shannon's experiences brought back a few memories and explained a few things about my own life. I am no longer in denial about entities! Thanks!

i liked the stories and the way the author tells them. (i wish there were some tools and clearings, though)i would recommend this book to anyone who's afraid of entities or just anyone who would like to understand more about them.

I'm very grateful to Shannon for sharing her story and her gifts with entities. It totally changed the way I view entities and I feel this is just the beginning of some awesome new awareness in my world. It was a very enjoyable read as well.

An excellent look into the life of someone who naturally sees and feels ghosts and spirits and a good way to begin looking at your own abilities with this plane of existence that is all around us.

I find having many of the same events as she has with the entities!! have more ease and more awareness! Thank you Ms Shannon for this new awareness!!

The book ended too soon. I wanted it to keep on going.

amazing book! reality changing!!! it written in such a phenomenal way i couldnt put it down!
