Customer Reviews

Healing words for women from God's Word--right at your fingertips For counselors, pastors, women's ministry leaders, and any Christian woman who wants a user-friendly quick reference guide to Scripture, this essential resource has been thoroughly updated and revised to reflect the needs of the modern woman. Arranged topically for easy access to the Scriptures that speak to the heart of each issue, this book covers a wide range of subjects. Among the more than eighty topics covered, including fifteen new ones, are abortion birth control career dating depression forgiveness from God grief hope infertility prodigal children self-harm single mother unbelieving spouse worry In addition to the appropriate Scriptures, each topic includes a list of biblical narratives to read, practical steps to take, and suggested books for further reading. Whether you use this handy guide for counseling or for personal study and memorization, you'll quickly

discover how God's Word is relevant to our everyday concerns and sufficient for creating wholeness and healing in women's lives. Patricia A. Miller is a professor and program director for biblical counseling at Calvary University. She is a graduate of Moody Bible Institute, Western Illinois University, and Calvary Theological Seminary and lives in the Kansas City area with her husband. They have four married children.

I am a lay person who purchased this book during a very trying time in my life when I was anxious & stressed. I went from the beginning to the end of the book copying scriptures on notecards that spoke to my situation & brought me comfort from each section to include anxiety, depression, hope, fear, disappointment, loneliness, suffering, trust, worry, & trials to name a few. I loved the translations that were used for particular verses which came from NASB, NLT, & NKJV. I have read & re-read those verses. The substantial stack of notecards remain on my desk for easy access when needed. There is a wide range of topics to peruse. We do need to go to the scriptures when we have a question regarding marriage, divorce, unbelieving spouse, gossip, grief etc. It helps to have access to pertinent scripture that is easy to understand & is applicable. There was a sweet spirit which rested on this volume which was well worth the purchase.

I just received this book a few days ago and I love it already. Not only does it have the obvious alphabetically-listed topics with the appropriate scriptures, it lists the scriptures out so you do not have to then go look them up. The book puts the scriptures into numbered sub-topics so you see the relevance under that topic to match the context you are needing. Also, each section includes a practical help section so you can not only reference the scripture, but also sound advice for practical steps and reference materials for further reading. In this way, it's more than just a scripture reference, it's more like a counseling quick guide (very abbreviated, mind you). I would definitely recommend this to any woman who is seeking a well organized and visually appealing reference in her lay counseling (or for herself)! In fact, I am recommending it to all the women in my discipleship training group. The one negative may be the rather flimsy plastic spiral binding of my particular copy. I am not a fan of this type of binding, though it does allow you to lay the book open flat or fold the section over to sit more easily in your lap while you read.

This is a wonderful, spiral-bound book that is an excellent resource for mentoring women. It's divided by subject, such as Abortion, Abuse, Adoption, Adultery, Aging, Alcohol Abuse, etc. It provides relevant scripture for each subject. If you are in women's ministry, this is an excellent handbook to have.

This is a wonderful tool for Ministry. Even if you know many good passages for helping others sometimes it is good to have a full grasp of other verses that reinforce important biblical Concepts for counseling. This book gives you that.

I will be using these in my counseling profession. I absolutely love it!!

This is an excellent book. In reviewing the table of contents I found that it covers literally everything. I am sure it is not an all inclusive book but it does address many areas of concern. If you are looking for a handy reference regarding issues women may be facing, this is it. Check it out for yourself. You will be surprised and you will also use this book often.

I sometimes use this as a guide for scripture reading. It is remarkably well organized with lots of topics.

it breaks down the topics & gives you plenty of Scripture to memorize/share with others etc. good book not just for "counseling women" but for men as well. the topic is not just from a feminist point of view. have a wife? read up, this will help you build her up. fulfill the Law of Christ.
