# Colombia Travel Reference Map 1:1,400,000 2014

## Synopsis

Colombia is growing in popularity as a travel destination. It is also changing quickly as peace and stability return to a lovely country. We have updated the map to the best of our ability and now have detailed inset maps of Bogota, Medellin, and Cartagena. The border to Ecuador is now an improved crossing. We have printed this updated edition on plastic paper, another improvement, in line with our policy of converting most hot, humid, country maps to plastic.

## Customer Reviews

Very clear, current map. Love that it is plasticized & waterproof. Didn't like that it was hard/mark on, because it is plasticized and waterproof!

A good map that can take water and other hazards of travel.

Good map.

Much better than the national geographic version. Has inset maps of the urban areas and a location/grid index. The natgeo map has pictures of animals instead.

Not a very detailed map, and some roads that it shows as big paved freeways were actually still under construction (and will be for years to come - over the Andes), and were not passable in a passenger car (need 4-WD).

Great map. will definitely be using it while traveling throughout Colombia.

exactly as expected

Very nice, very large map. The material seems to be plasticized paper, so I think it would withstand rain.
