Customer Reviews

Introduce your child to 10 of Claude Monet's world-renowned paintings with this vibrant and accessible text. Rhyming words accompany the art, creating a magical countryside picnic. The board book format is just right for small and curious hands. Scholastic Parent & Child

This is a nice board book. Our two year old son loves it. He references the book name, *Picnic with Monet*, every time we have a picnic. The book has a good ratio of pictures and words with a nice

story feel to it. We like that it is Monet artwork on every page. We had the book as part of a three book set in a box, but this book got water damage when we left it out accidentally. We liked it so much we ordered a replacement copy.

Purchased this as a gift for a baby shower for a Momma who loves Monet. I wouldn't say it's a great book for a very small baby but I know as the baby gets older it will be great.

A Picnic with Monet has been a blast to read with my little one. She loves the rhymes related to the pictures and we like knowing that she's being exposed to classic art. We also own Quiet Time with Cassatt, which we enjoy, too. Definitely plan to purchase more Mini Masters books

We name our classrooms after great artist. The "Monet Room" students love the story of Claude Monet. The hardback pages will keep this book in good condition for a long time.

This is a great way for me to share my appreciation of Monet's work with my grandchildren. I hope they will some day want to learn more about his works.

great book for the little ones

arrived as described

This book not only features Monet's beautiful paintings but the words are far above the quality usual found in children's books. It is enjoyable for adults as they share the artistic experience with their children. My eight month old baby loves it. It is one of her favorite books. I'm sure older children would appreciate it too. It's one of those books that parents won't mind reading again and again.
