Customer Reviews

Really enjoyed this book

As we are told to test the spirit. I myself refuse to put my God the Creator Himself into any religious box. I just believe that His will is going to be done, however He chooses. If there had been 10 stars instead of 5. Well I would have given it the 10.

This book was engaging and uplifting with a variety of stories and perspectives on the prophetic gifts for today's church. It provides encouragement for Christians to step out in faith into a new apostolic and revelational walk. Inspiring.

Challenging and adventurous! This book is an eye-opener to the prophetic! Prophecy is not just predicting the future. It truly is God's message to people. Well-written and clear, the author acknowledges that he does not know it all or has seen it all, but does testify to what he has seen and heard.

Some good thoughts and revelation in this book. I will have to ponder and pray on some of the teachings.

Loved it!

A well written map towards a destination of prophetic experiences with God through those who have been there.

Not easy to read.
