Akira Himekawa is the collaboration of two women, A. Honda and S. Nagano. Together they have created nine manga adventures featuring Link and the popular video game world of The Legend of Zelda, including Ocarina of Time, Oracle of Seasons and Four Swords. Their most recent work, Legend of Zelda: Phantom Hourglass, is serialized in Shogaku Rokunensei.

A great read for pretty much any Zelda fan. The mangas take creative liberties with the original plots

in order to give you a slightly different experience. The only real complaint I have about the Legendary Editions is how only the first few pages are colored. So the first 5-10 pages of the Majora's Mask storyline have full-color, but the A Link to the Past section doesn't have any. A bit of a shame, but that doesn't mean they aren't worth the read.

Beautiful book and manga, excellent drawings and quality, totally a must have for any Zelda fan.

Very cool graphic novel for a Zelda fan

It took forever to ship but the series is really good

Both stories go really quickly but you can't beat the art and Link finally having a voice. These are great for any Zelda fan!

This has a great surprise, the boys love it. As they are super fans of The Legend of Zelda. Bought it to replace a school library book the boys thought they lost. Turns out we got to keep it because we found the book.

Getting this particular book was very exciting for me. It expands on my favorite Zelda title. Worthwhile to buy.

Best ever after reading this article.
