## Synopsis

The Last Kids on Earth meets Goosebumps in this hilarious new series about a secret society of babysitters who protect kids from the monsters that really do live under their beds! When middle schooler Kelly Ferguson's Halloween plans switch from party-going to babysitting, she thinks the scariest part of her night will be the death of her social life. But then Baby Jacob gets kidnapped by the Boogeyman's minions and Kelly learns there's a whole lot more to childcare than free snacks and Netflix. Like chasing shadow monsters, drop-kicking Toadies, and mastering monster-fighting moves like the Naptime Headlock and Playground Punch. Now, with the help of an ancient handbook and a secret society of butt-kicking babysitters, Kelly sets out to destroy the Boogeyman before he brings Jacob's nightmares to life. But when the monster's trail leads to her school's big Halloween bash, Kelly will have to prove she can save the world without totally embarrassing herself in front of her friends. Packed with black-and-white illustrations and insider secrets from the world of monster hunting, *A Babysitter's Guide to Monster Hunting* is full of tricks, treats, and terrifying twists!

## Customer Reviews

âœ“ This new series gives babysitting a daring edge and sets up girls outside of the popular crowd

as heroines. An entertaining debut. • (Booklist) • A Babysitter's Guide to Monster Hunting is scary, funny, clever, and filled with heart. Best of all, the main character, Kelly Ferguson, proves a smart, appealing, and very real hero. You will root for her, and then you will root for a sequel. • (Gabrielle Zevin, New York Times Bestselling Author) • Joe Ballarini's book is an anthem for female friendship and the power that comes with it. • (Ali Bell, executive producer Ghostbusters) • A nonstop thrillventure about how to overcome your monsters! • (John Lee, director of Pee Wee's Big Holiday) • A rich, wonderful, and exciting world of characters and action. A superfun read! • (Ian Bryce, producer of Transformers) • Ballarini's action-packed debut is amazing! An adventure roller-coaster ride with crazy chases, daring escapes, exploding teddy bears, enchanted weaponry, and an army of nightmares. • (Callum Greene, executive producer of The Hobbit: The Desolation of Smaug) • A reminder that monsters believe in you even if you don't believe in them. • (Adam Robitel, director of Insidious and the Taking of Deborah Logan)

My ten year old tells me it's his favorite book since Harry Potter!!!!

One of those rare books that combines adult wit and action in a world that will delight children. Really hoping they make it into a movie. Me and my daughter will be there.

Arrived on time; was as described; was securely packaged. My granddaughter (and I) loved it. My granddaughter read it a second time within days after first reading it.

Fresh, fun, and an instant classic! My daughter loved it so much and kept bringing up Monster Hunting references, so I decided to read it myself. What an awesome book, highly recommend for middle schoolers (...and their parents!)

Such a fun book. Great for kids

Extremely imaginative book! Addresses the lurking monsters under the bed and the battle against these smelly creatures. An adventure for sure. So much fun to read!

It was a spooky, scary, good book. It seems like it gets better every time I read it. The monster ideas are amazing. (This review was done by a nine year old)
