Loved this book more than the watch your tail Geronimo stilton book and it is not expensive for .com at all.

I love the plot of this book and how caring Geronimo Stilton is but it is a also funny how trap pleaded Geronimo and how he reacts when Geronimo was saving mouses. I would definitely recommend this bookWritten by a 9 year old

Get thrown back in time with this fun adventure with some of Geronimo Stilton's ancestors. We love the fun, quirky way in which the authors create these stories. It is the way in which they write that is so engaging. The combination of fun plot, memorable characters and images that just jump off the page is what keeps bringing us back. On top of that though this book really was an engaging read and my own daughters both took this and would not put it down - and I am sure that this will happen in your own home too!\*I received this for review - all opinions are my own\*
