Luckey's Hummel Figurines And Plates: Identification And Price Guide (12th Edition)

Synopsis

Expert Hummel historian Dean Genth updates, expands, and enhances this eagerly anticipated new edition of a comprehensive volume for Hummel collectors, enthusiasts and dealers. This officially licensed book features nearly 3,000 figurines, prints, plates, postcards, calendars, and more. It includes full descriptions, current production status, identification information, and pricing, along with a colour photograph section featuring some of the most unique Hummel pieces. Readers will also discover tips on recognising fakes and forgeries and will gain valuable insight on how to better buy and sell on the secondary market. Features a 16-page colour section highlights some of the most unique pieces

Product Dimensions: 11 x 8.5 x 1.1 inches

Shipping Weight: 2.9 pounds

Average Customer Review: 4.4 out of 5 stars 21 customer reviews

Best Sellers Rank: #1,455,039 in Books (See Top 100 in Books) #58 in Books > Crafts, Hobbies & Home > Antiques & Collectibles > Dolls, Toys & Figurines > Figurines #444 in Books > Arts & Photography > Other Media > Ceramics #1233 in Books > Crafts, Hobbies & Home > Antiques & Collectibles > Antiques Care & Reference > Reference

Customer Reviews

I have a few Hummels that were my grandmothers and didn't know anything about heir history or worth. This book was extremely helpful in explaining all the marks on the bottom of each Hummel and also their origin ..I was very pleased with all the information ..and believe me there is a lot of information with pictures .

I was hesitant to purchase Luckey's 12th Edition Price Guide because I have always relied on Robert L. Miller's No. 1 Price Guide in the past. However, curiosity got the better of me and I'm glad it did. It's a great reference, and a very good companion to Miller's guide. The main advantage

Miller's 10th Edition No. 1 Price Guide has all figurines are now shown in color... but the images are smaller than in previous editions. Since Luckey's guide (updated by Dean Genth) is presented in a larger format, it has larger images and text, which makes it easier to read. It also displays more images of the older trademark figurines to show the differences between the older figurines and their current production versions a bit better. This was important to me because I generally prefer to collect the older, more rare figurines. Figurine pricing is now essentially the same between the two guides, which isn't surprising considering Dean Genth owns Miller's Hallmark in Eaton, OH, the home of Robert Miller. For the average collector, or one that usually tends to purchase the newer released items, Robert Miller's guide is now more up to date. However, for the truly serious collector, Luckey's guide has more or different information on some of the more rare figurines such as those made in white overglaze and sold only in Belgium in the early days. Since I own several of these figurines, I found the information contained in Lucky's guide very useful. Highly recommended for both the novice or serious collector... but don't forget to purchase Miller's book too.

We collected many Hummels, while in Germany 1980-83, serving in the USAF. Enjoy collecting them and appreciate all the work going in to make these fine little people ! They are so cute! Thank you and God bless everyone ! Helene Meikle

I needed this book so that my husband would understand what bargains that I found on Ebay. It is a great resource book for the beginning collector.

Choose it for guidance regarding the value of owned Hummels. Easily provided the answers I was looking for in buying the Guide. Recommend for all individuals owning Hummels.

I am using this book to help evaluate the Hummel figurines I have on hand. The book has large photos and drawings to understand the history of the Hummels. It is very useful.

THIS BOOK IS JUST WHAT SOMEONE NEEDS TO ESTABLISH THE VALUE OF A HUMMEL ITEM THAT THAT PERSON IS LOOKING AT TO BUY OR SELL. IT IS EASY TO USE, AND FOR AN OLDER PERSON , HAS GOOD BOLD TYPE TO READ. THE PICTURE OF THE FIGURINES, PLATES AND PLAQUES ARE EXCELLENT. I WOULD RECOMEND THIS BOOK AS A GOOD REFERENCE OR LEARNING TOOL FOR SOMEONE NEEDING THIS KNOWLEDGE.

Excellent book and even greater was the price.
